ALL-NEW OPEN FRAME PANEL PC

| CO-100/P2000 Series Fits Any Machine Perfectly |

Overview

The Cincoze high-performance open frame industrial panel PC series (CO-100/P2302) supports the latest Intel® Core Ultra processors (Meteor Lake-PS) and features rich I/O interfaces and flexible expansion. The biggest highlight is its adjustable mounting bracket design (Patent No.: D224544, D224545, I802427) that allows flexible adjustment and multi-stage locking to greatly improve the convenience of installation, effectively reducing the degree of customization required when integrating with equipment. The series is developed for equipment manufacturers, enabling integration in enclosures of different materials and thicknesses, and achieving overall consistency. The rugged design is also suited to field-side HMI in harsh industrial environments.
